Meeting transcript

PROCEEDINGS

MR. RAFFENSPERGER: Well, the first item before us on the agenda will be the approval of the board minutes from February 28th, 2020 and March 11th, 2020. As that has been presented to the members, now would be the appropriate time for a motion. Do we have a motion?

MR. MASHBURN: This is Matt Mashburn. I make a

MR. MASHBURN: This is Matt Mashburn. I make a motion that the Board minutes from both meetings be approved.

MR. RAFFENSPERGER: Do we have a second?

MS. SULLIVAN: Rebecca will second.

MR. RAFFENSPERGER: Do we have any discussion?

MR. WORLEY: This is David Worley. There appears to be a duplicate paragraph in the minutes of March 11th, 2020, so I would amend the motion to pass the minutes with the duplicate paragraph deleted.

MR. MASHBURN: I view that -- Matt Mashburn views that as a friendly amendment and has no objection.

MR. RAFFENSPERGER: Okay. That being said, we have a motion before us with the amendment as proposed by Mr. Worley. All those in favor, signify by saying aye.

THE BOARD MEMBERS: Aye.

MR. RAFFENSPERGER: None opposed? Motion carries.

Okay. We now have the time for public comments, and I understand, Bre, that you'll be quarterbacking that for us

and coordinating that, so we'll call on the first public comment. I'll turn it over to you, Bre.

MS. THOMAS: Okay. If you would like to make public comment, on the toolbar there is an option to raise your hand, or you can write in the questions box if you would like to make a public comment. We're first going to start with Joy Wasson and Liz Throop. You can speak now.

MR. RAYBURN: This is Kevin Rayburn. As a reminder, everyone has two minutes. Please state your name and where you are from for the record before you begin, and we will have a timer going off after two minutes. Please respect the time, and please --

MS. WASSON: Hello.

MR. RAYBURN: -- keep comments to the rules that are up for discussion today. Thank you.

MS. WASSON: Okay. Can you hear me?

MS. THOMAS: Yes.

MR. RAFFENSPERGER: Yes.

MS. WASSON: Hi. I'm Joy Wasson, a DeKalb County voter. On March 27th, there was a hearing on a violation of the Help America Vote Act, known as HAVA. The complaint was brought by Coalition for Good Governance, who presented compelling and overwhelming evidence that secrecy of the ballot was violated in numerous counties in Georgia with the new Dominion voting system. It was clear

from the witnesses that the machine's design flaw and space considerations made it impossible in most configurations for the systems to comply with Georgia laws. There would be no doubt to reasonable people hearing and seeing the evidence presented that the finding should be that the privacy requirements under HAVA were not met.

The Secretary of State's Office dismissed the Plaintiffs' claims and ultimately concluded that no violation occurred despite the fact that the witnesses had each personally observed scores of non-secret touch screen ballots. I've observed these myself. The State once again told Georgia's counties that they must assure voter privacy and were free to be creative with solutions.

Athens-Clarke County recently adopted a resolution to restrict ballot-marking devices to a number that can be arranged to comply with secrecy and use hand-marked paper ballot voting stations in the remaining space to comply with required number of voting booths per electors.

Athens-Clarke has been punished by this body when trying to move to a better solution of all hand-marked paper ballots. That would be the best given the current pandemic physical distancing guidelines in place. I applaud Athens-Clarke for working to protect voters and urge the SEB to do the same.

MR. RAYBURN: Thank you. You came in just under two minutes. I appreciate that comment.

MS WASSON: Thank you, and Liz Throop is with me. She's next.

MR. RAYBURN: Okay. As a reminder, if everyone would please keep your comments focused on the rules on the agenda today. Thank you.

MS. THROOP: Well, thanks. This is Liz Throop, and I live in DeKalb County. This is related. Another thing -- a lot of questions about voting on social media. People are asking what if I didn't get a ballot application? What if I'm not over 65 or disabled? What if I didn't put my birth date on the application? What if I voted for the presidential primary already? Why do I have to state my party? What if I don't have stamps? What if I prefer to vote in person? Many of these questions have simple answers. Could the State Election Board ask the Secretary of State to put an FAQ on their webpage? Thank you.

MR. RAYBURN: Thank you for your comment.

MS. THOMAS: All right. So next we're going to have Saira Draper, and you are unmuted, and you can speak now.

MS. DRAPER: Right. Thank you. Good morning, everyone. Can you hear me?

MS. THOMAS: Yes.

MR. RAYBURN: Yes.

MS. DRAPER: Wonderful. So, good morning. is Saira Draper, and I'm the Director of Voter Protection for the Democratic Party of Georgia. I see that the Board will consider an emergency rule today about ballot drop boxes, and I wanted to say that I'm pleased that you're considering options to expand opportunities to vote at a time when in-person voting is severely restricted. And for those of you who do not know, ballot drop boxes are secure metal boxes where voters can drop off their voteby-mail ballots postage-free. Given that the State is not providing postage for ballots, the uncertainties about the future of the USPS, and that in-person interactions are a health risk, offering limited contact options to voters is prudent. By offering drop boxes, you are limiting the pressure on and the risks to our counties, poll workers, and voters.

That said, for the roll out of drop boxes to be effective, there are certain minimum standards that must be met. So first, drop boxes must be fully funded by the State. Counties across Georgia are heavily burdened right now and simply cannot be expected to raise additional funds in addition to everything else. Georgia has received \$10 million federal dollars for elections through the CARES Act that are use it or lose it funds. Providing safe ballot access is the most important use of these

funds. The State must step up to provide these essential drop boxes. Each county should be offered funds for at least one drop box and jurisdictions with larger voting populations should be provided funds for additional drop boxes.

Second, if the drop boxes are to be utilized, they must be plentiful and accessible 24/7. Research shows that jurisdictions that offer greater access to ballot drop boxes see higher rates of use. Ideally during this time of pandemic, drop boxes will be located outside, so that voters can access them while limiting interaction with others. Offering drop boxes behind locked doors available only for certain times carries the same risk as in-person early voting. We must allow Georgians to drop off their ballots at a time that works for them.

And third, drop boxes must be made available in advance, but at least three weeks before Election Day, in line with Georgia's early vote period. We know that drop boxes for ballots are a secure, viable alternative to forcing Georgians to endanger themselves by voting in person, and we must provide that alternative to every day voting -- we must provide that alternative for every day voting, not just Election Day. Offering counties the option to put up drop boxes --

MR. RAYBURN: That's time.

MS. DRAPER: without providing them the support for resources to do so is an empty gesture. County election officials are dealing with unprecedented challenges right now: an overwhelming influx of vote-by-mail applications that need to be processed safely and quickly, staff shortages, and closures of polling locations.

MR. RAYBURN: Thank you. Sorry. The two minutes are up. We appreciate your comment.

MS. DRAPER: Oh, okay. Yeah.

MR. RAYBURN: Thank you.

MS. THOMAS: All right. So next is Jeanne Dufort. You are unmuted, and you can speak now.

MS. DUFORT: Good morning. I'm from Madison,
Georgia. Revall Burke died on April 5th from coronavirus
with symptoms developed 5 days after he served as a poll
worker in Chicago. He was 60. And letters are going out
to poll workers and voters who may have been exposed in at
least 4 Chicago voting precincts on March 17th. In coming
weeks, we'll hear about exposures, illness, and yes, death
in Wisconsin from voters and poll workers exposed to
coronavirus last Tuesday. Georgia's overall peak is
projected to be around May 1. Conditions when early
voting in person begins in 159 counties two weeks later
are -- they're going to be like they are today and
consider why we're meeting virtually today.

The plan to use touch screens to mark ballots requires at least 6 common touches of tablet screens, access cards, printers, and scanners. Would you feel safe today as a poll worker sitting at a table for 12 hours as voter after voter came within 3 feet of you? Why would you feel any safer on May 18th or even June 9th?

Last Monday, Secretary Raffensperger held a press conference, and instead of addressing his plans to help poll workers and voters get through the upcoming election season with their health and lives intact, he chose to announce a voter fraud task force. Because it's tradition in Georgia to pretend that voter fraud is a real thing, while voter suppression is not. He offered no answers about the reported shortage of poll workers, no answers about how to protect workers and voters, no ideas about how the upcoming election might be redesigned to require fewer resources and less contact.

There are ways to make in-person voting safer for both poll workers and voters. Distributing hand sanitizers and wipes and telling election directors to try harder is not enough. Why is this not at the top of your agenda today? It's top of line for election directors and boards across the state. Some, like the Jackson County Board of Elections, are beginning to speak out. None of us chose this pandemic, but we are all called to respond.

When you look back at this time, will you be proud that you, the SEB, did everything possible to protect poll workers and voters while ensuring that everyone who wants to vote is able, or will you sit this one out while Georgia poll workers and voters face the same terrible choices Wisconsin citizens faced last week? I hope --

MR. RAYBURN: Thank you, Jeanne. The two minutes are up. We appreciate your comments.

MS. THOMAS: All right. Next is Stacey Hopkins. And you may speak now.

MS. HOPKINS: Hello?

MS. THOMAS: Yes. We can hear you.

MS. HOPKINS: Okay. My question is in light of the reports that absentee ballot applications were erroneously sent out to registered voters with the incorrect mailing addresses and being designated as undeliverable by the US Postal Service, will the Secretary of State's Office mail the new applications out to those voters to -- and ensure that they are not also reported on the NCOA database? If that is the case that they are reported, this would also erroneously create the criteria for them to be eligible to begin the process of being removed from the voting rolls in accordance with the FDRA. How does the State plan to remedy this problem to ensure that every registered voter has the option to use absentee ballots in this particular

election cycle?

MR. RAYBURN: Thank you.

MS. THOMAS: Thank you, Ms. Hopkins. Next, we will have Representative Park Cannon. And you can speak now.

Ms. -- Representative Cannon, you are self-muted. Okay.

You can speak now.

MS. CANNON: Are you able to hear me?

MS. THOMAS: Yes.

MS. CANNON: Well, I want to say thank you for gathering here in these times. I do agree that it takes all of our collective leadership to help secure the vote in Georgia's 2019 elections. I am a State Legislator in Fulton County, the county with the largest voting population in the state. I bring concern today that the public notice for today's meeting was sent less than 24 hours before the meeting, being stated to being sent at 11:42am. Even though we are in a state of emergency, there is much concern for voting and public concern at that.

I bring concern that during today's presentation and considering of State Election Board proposed amended rules related to provisional ballots, prompt notification of absentee ballot rejection, the definition of a vote, and the optical scan recount procedure that we need more work on this. We have been allocated \$10 million in the CARES

Act for our state related to voting, and I hope that we will pay attention and do what is best to provide public notice to Georgians on how the vote will be counted fully in 2019. Thank you for being here today.

MS. THOMAS: Thank you, Representative Cannon. Next, we will have Aileen Nakamura. You may now speak.

MS. NAKAMURA: Hi. Can you hear me?

MS. THOMAS: We can hear you.

MS. NAKAMURA: Okay. Hi, I'm Aileen Nakamura from Fulton County. I believe what I and so many of us witnessed five weeks ago in Athens-Clarke County was a grave dereliction of duty by this Board. The ACC, Athens-Clarke County Board, showed that it was impracticable or impossible for them to use the oversized touch screen equipment in adequate numbers in the current polling places while abiding by 3 important legal requirements. One, provide every voter absolute ballot secrecy. Two, provide one machine for every 250 voters. And three, provide visibility for poll workers to monitor the machines to prevent tampering.

The only law that the -- that the state lawyers talked about was the mandate for all 159 Georgia counties to use a uniform system of voting. They ignored the evidence of non-compliant precinct layouts showing that the machines simply cannot be installed in current

precincts in a manner that protects voter privacy. This Board relied on the County Election Director saying that she thought she could fit up polling places even though she had not been able to provide the Board with specific layouts to show that it was feasible.

So after 7 hours of testimony, most of it was ignored. With 4 lawyers and an engineer sitting on the State Election Board, not one member of the SEB bothered to ask any questions related to ballot secrecy or polling place layout or equipment anti-tamper monitoring. And not one SEB member commended the ACC Board for doing the lawful and right thing for their voters, protecting their constitutional right. Instead, 4 lawyers and an engineer ignored all of the legal and logical reasons why ACC rightly decided they had to stop using particular equipment and then reprimanded them for not getting along with their election staff, but failed to find any method of protecting a secret ballot with the touch screens. And on top of that, they slapped them with fines so that other counties would not follow in their footsteps.

It's abundantly clear that the Georgia State Election Board is only interested in defending the Secretary's poor choice of a BMD voting system. Shame on the SEB. Georgia voters deserve better. A State Board should enforce the law, not driven by a goal of justifying the Secretary's

improper choice of a voting system. Thank you.

MS. THOMAS: Thank you. Next, we will have Libby Seger. You are now unmuted, and you can speak.

MS. SEGER: Good morning. My name is Libby Seger, and I am a voter from Fulton County, where I am a student at Georgia State University. I'm here today to talk on some of your proposed rules. However, I would like to say that at this point, I do feel like myself and the rest of us who continue to attend these meetings and speak at them are beginning to sound like a broken record. How many times are we going to have to repeat ourselves until people like you actually start listening to the people you represent?

So for starters, I'd like to say that choosing to make an unreadable barcode the official vote of Georgia is just ridiculous. If we can't read a QR code, how are we supposed to ensure that what we're being [sic] voted for, is actually what we're voting for? The official and final vote of Georgia should be verifiable by Georgia voters everywhere without the need of some expensive scanner to do it for them.

And as for your optical scan recount procedure, it makes absolutely no sense. The purpose of a recount is to verify the result. You can scan the same QR code once, twice, a hundred times, but the answer will never change.

If this rule is adopted, Georgia voters will never truly know whether my vote or that their vote, the vote they intended to cast, was the one that actually counted.

So I'm asking you to protect our right to vote by not adopting these rules and redefining the official vote. Georgia voters deserve to have confidence in who they're voting for, especially at a time like this when everything else in life seems so uncertain. Thank you.

MS. THOMAS: Thank you, Ms. Seger. Next, we will have Elisa Goldklang. You are now unmuted, and you can speak.

MS. GOLDKLANG: Okay. Hi, my name is Elisa
Goldklang. And first of all, I want to thank you all for
having this virtual meeting, though a little bit more
notice would have been better. As you all know, I always
say my father and my grandfather served and that you
serve, and I think our number one priority right now is
protecting poll workers and citizens. And right now, as
many Americans have died as died in the American
Revolution. Do you understand that -- in five months?
It's not going okay, and this is not going to be the only
election where COVID is going to be a problem. It's going
to peak again in the fall. My father is a
gastroenterologist, my mother was a [sic] endoscopy nurse,
and my husband and I are both in the medical field, and

we're very aware, and we're very concerned about our poll workers and about our citizens.

And the touch screens are an absolute no. They cannot be used during this time. We cannot expose our poll workers and our citizens to each other because the virus lingers for 72 hours in the air, and it lingers on hard surfaces. You must, for the safety of everyone, use absentee ballots or vote-by-mail, whatever you want to call it, and your poll workers need to use gloves when they open those letters.

The fact that you're refusing to do that is like a hospital administrator saying that oh, they have a new machine that's going to do great work in surgery, but all the surgeons say, no, it's really unsafe. People are going to die. But you all are like that hospital board, and you're like, well, you know, the company said it was great, so we're going with the company, and we're not listening to the surgeons. You're doing the same thing with the -- with the machines. You're not listening to the computer scientists and the elections security experts because you don't have any on your Board, and the one that you had on the SAFE Commission, you didn't listen to. So this is -- clearly, you are doing this for profit and for money and for power. And I am ashamed, and I am embarrassed for our State.

But most of all, I am worried about everyone's health. You know, my mother passed last month, and it's horrendous. I do not want anyone else to go through this, but right now, we are 10 times as many dead as on 9/11. And a little bit about myself, I lived in New York City in 9/11, and it's beyond horrible. So please, put your egos aside and save our citizens. Thank you.

MS. THOMAS: Thank you, Ms. Goldklang. And next, we have Laura Walker. And you are now able to speak.

Hi. My name is Laura Walker. I live in Muscogee County, and I'm the Chair of the Muscogee County Democrats. And I wanted to echo a previous comment that in-person voting for this May/June in-person -- obviously -- election period is not safe yet, and it's not going to be safe. It would be one thing if we had valid data that connected, you know, outbreaks to causes, et cetera, you know, to be able to target how it is spreading, where it is spreading in different counties. But we don't. just saw within the last 24 hours that Georgia is lagging far behind other states. We are 45th out of 50 as far as how many people we are able to test. We just don't have the proper data to make a decision about safety here. Because we are touching screens and the cards and the paper, it is, you know, it's unsafe for voters and poll workers and election, you know, county election boards

alike.

Know that -- I know that if we did make the decision or the decision was made to go full on absentee voting for this election, the Democratic Party of Georgia and all of our counties are ready to, you know, phone bank to help people with this, you know, spreading the word so that they know and we can answers about, you know, what they should do and how they should, you know, make sure that they get the ballot to the county boards, et cetera. You know, we would do our best to help, you know, spread that so that people would know what to do and could do it probably. But I just think it's just not safe. It's not safe for anyone. And that's it. Thanks for listening.

MS. THOMAS: All right. Thank you, Ms. Walker.

Next, we will have Jacqueline Elsner. And you are

unmuted, and you can begin speaking now.

MS. ELSNER: Thank you. I'm Jacqueline Elsner in Athens, Georgia, and I've attended Athens-Clarke Board of Elections meetings regularly since September 2019 and observed the performance of our Election Director and of our Board of Election members. I attended the March 11 meeting -- hearing -- at the UGA Center. I want to stand in support of my Board of Elections. The decision to protect ballot secrecy was honorable, and it was awful. I'm ashamed that my Mayor and 8 of my 10 Commissioners

could not see it that way. But that's not where I am today.

We are talking definition of vote in 183-1-15-.02.

As I understand, in the Dominion System, the definition of vote is the QR code. And no one except the proprietary software of Dominion can read the QR code. So that is -- let's make the definition of the vote the actual names of people I voted for on my ballot. And I help with poll worker training. I sadly have to say I could not be a poll worker in 2020 because of COVID-19, and there's a code of conduct at Athens-Clarke County that you can't work for a candidate if you're going to be a poll worker, and, you know, that was a priority of mine to work for a candidate.

Okay. So beyond the Dominion touch screen, you take out your ballot, which, of course, the QR code is my vote not the name there, and you walk over to the scanner, and you put it face up into the scanner. Well, the scans -- the poll workers have to make sure they're looking at that, the voter. This is not ballot secrecy. I mean, we are -- we're so many directions of violation of ballot secrecy.

I -- I attended SAFE Commission meetings in 2017 and 2018 and in 19 and I am not proud of our State Election Board. I've seen Mr. Harvey testify to terminal

incompetence. I've seen Mr. Germany testify to things that don't make a lick of sense. So I'm asking you to protect our ballot secrecy, to protect our voters and our poll workers. Thank you.

MS. THOMAS: Thank you, Ms. Elsner. So that ends our section for public comment.

MR. RAFFENSPERGER: Okay. This is Secretary Brad Raffensperger. Next, we have the presentation and consideration of State Election Board proposed amended rules. Now, like we've done at the last two meetings, if we could have our Chief Counsel Ryan Germany go through 183-1-12-.18 on provisional ballots and explain what we're doing there, and then we'll take Board questions and comments.

MR. GERMANY: Yes, sir. Thank you, Mr. Secretary,
Board members. The rules for consideration on our agenda
today are changes that we had made to already adopted
rules that we have adopted through the rule posting
process in response to comments that we have received. We
did not receive any additional written comments on these
posted rules.

Rule 183-1-12-.18, regarding provisional ballots, the only change to the rule we're making is we're taking out a phrase, and I guess this was noticed by counties, that required -- it sounded like it required an electronic poll

book at the provisional ballot station. So we're clarifying that the polling place shall have an electronic poll book that includes a master list of registered voters but not a separate one for each provisional ballot station. And that's the only change there. I'm happy to take any questions.

MR. RAFFENSPERGER: Any members have any questions?

If not, now would be the appropriate time for a motion.

MR. MASHBURN: This is Matt Mashburn. I move that the rule be adopted as published.

MR. RAFFENSPERGER: Do we have a second?

MS. SULLIVAN: Second.

MR. RAFFENSPERGER: Okay. Do we have any discussion on this proposed rule? Hearing none, I'll call to action. All those in favor of accepting provisional ballot rule 183-1-12-.18 as presented, signify by saying aye.

THE BOARD MEMBERS: Aye.

MR. RAFFENSPERGER: And those opposed? Let the record show none opposed. Motion carries. Okay. Next one we have up is 183-1-14-.13, prompt notification of absentee ballot rejection. Mr. Germany?

MR. GERMANY: Thank you, Mr. Chairman. The change we're making to this rule is again in response to the comments received. The existing rule required the county to attempt to notify the elector by telephone and email if

the telephone number or email is on the elector's voter registration record. What we're adding in this rule is "or absentee ballot application." So it's telephone and email contact is required if that information is on either the voter registration record or the absentee ballot application. So that's the change we're making here.

MR. RAFFENSPERGER: Do we have any questions from any of the Board members?

MR. WORLEY: This is David Worley. This is not a question, but I just wanted to say for the record that this entire rule I think is a great improvement over preceding practice, and it will ensure that voters are notified promptly if their absentee ballot application has been rejected.

MR. RAFFENSPERGER: Okay. And I guess to Mr.
Worley's -- this is Secretary Raffensperger. And to Mr.
Worley's point and also to some of the comments that were
made about notification, I do like that we've added "or
absentee ballot application," so as these applications are
out there, if people put down their phone number or get a
new phone number that we don't have, it gives us that
opportunity to make sure that we can contact them if we
have to contact them. And so I hope they put that out
there if we need to, but I think this is another way to
really make this more accessible to more voters, so I

think it's a very solid improvement. Is there any other comments from any of the Board members?

MR. MASHBURN: This is Matt Mashburn. And first, I'd like to commend the Secretary for making this absentee ballot application available. I -- I think the Secretary was ahead of the curve on this one, and so much of COVID-19 has been reacting to things, I think the Secretary was ahead of the curve, and I commend him for that. I received my absentee ballot application in the mail, and I saw the place where you could add your email and your phone, and I did it, and it was very simple and easy, and I sent it back. So I think is a very good change. It's very helpful, and I echo David's excellent comments as well and would make a motion that it be adopted as is.

MR. RAFFENSPERGER: Do we have a second on that motion?

MR. WORLEY: This is David Worley. I will second that.

MR. RAFFENSPERGER: Okay. Do we have any further comments from any members? Hearing none, all those in favor of proposed rule 183-1-14-.13, prompt notification of absentee ballot rejection, please signify by saying aye.

THE BOARD MEMBERS: Aye.

MR. RAFFENSPERGER: Any opposed? Let the record show

none were opposed. Motion carries.

MR. GERMANY: The next rule on our agenda is rule 183-1-15-.02, definition of a vote. Again, these are updates we posted in response to comments we received before we adopted this rule. The edits are we're adding a few sections that if there's any discrepancy between the voter's mark on a hand-marked ballot or the printed choices on a ballot-marking device ballot that the voter's mark or the printed text shall control and be counted, but also stating that nothing herein shall be deemed to disallow the use of ballot scanners for tabulation of ballots. We're also adding a section that says a vote cast on an optical scan ballot marked by an electronic ballot marker shall be the choice that's indicated by the printed paper ballot. I'm happy to take any questions on those updates.

MR. RAFFENSPERGER: Any members have any questions or comments? Hearing none, now would be the appropriate time for a motion, if the Board is so inclined.

MR. MASHBURN: This is Matt Mashburn. I make a motion that the rule be adopted as published.

MS. SULLIVAN: Second.

MR. RAFFENSPERGER: I hear a second. Do we have any further discussion from any Board members? Hearing none, all those in favor of adopting rule number 183-1-15-.02 as

presented, please signify by saying aye.

THE BOARD MEMBERS: Aye.

MR. RAFFENSPERGER: Any opposed? Let the record show no one was opposed. Motion carries.

MR. GERMANY: The next rule is 183-1-15-.03. This is the recount procedure. And again, this is making updates based on the comments we received prior to adopting this rule. There's two, kind of, main changes. One, we go into a little more detail in subsection 1C about how the county is supposed to test the scanners before they conduct a recount. And we also add a section 2, which is recount by manual hand count, which provides for how to conduct a manual hand recount if, basically, no scanners pass the testing or a court orders it. I'm happy to take any questions.

MR. RAFFENSPERGER: Members, do you have any questions? Hearing none, now would be the appropriate time for a motion if the Board is so inclined.

MR. MASHBURN: This is Matt Mashburn. I make a motion that the rule be adopted as published.

MR. RAFFENSPERGER: Do we have a second?

MS. SULLIVAN: Second.

MR. RAFFENSPERGER: We have a second. Discussion from the members? Any further discussion? Hearing none, all those in favor of adopting rule number 183-1-15-.03,

signify by saying aye.

MR. RAFFENSPERGER: Any opposed? Hearing none, let the record show it was passed unanimously. Mr. Germany?

MR. GERMANY: The next rule for consideration -- this is the emergency rule on absentee ballot drop boxes that we've been working on, and I appreciate Kevin Rayburn's work in our Office, as well as Lynn Bailey and other counties that we've been working with on it. This would be a response to the COVID-19 situation that's ongoing to try to add an additional way for people to return absentee The way it works now is you -- obviously, you can return your ballot through the mail or you can drop it off in-person with your County Registrar. What this would do is allow the County Registrars to establish one or more secure drop boxes at their office or in other -- on other government property in their county. The point would obviously be that some counties are currently closed, and so this will hopefully allow another way to have a contactless return of your absentee ballot.

We pulled a lot of this, these rules, from Colorado's rules. They have drop boxes for their absentee ballots, and that's something they've had for quite a while, so it's not -- we're trying not to reinvent the wheel.

I will -- as we finished this, which was not too long

before this meeting, we went over a few comments we received from the Rules Working Group members, and some we've incorporated in the version that you have and some have not, but, obviously, we can discuss all of them. There was -- there was a suggestion that we make this mandatory that each county have at least one, and while that's understandable, my concern on that is that, you know, some counties have been asking about this and I think will utilize it. Other counties may not be prepared to do that on such short notice. I think if we do end up adopting a permanent rule on this based on how we see this process working, that would be appropriate, but to put this as a requirement on counties right now with what they face, I don't think it's appropriate. Frankly, I think if we let the counties who are interested do it, I think we'll probably see widespread adoption from other counties once they kind of have that roadmap from the counties that are interested.

The other comment was about a drop box being securely fastened to the ground or an immovable fixture. And there was some concern about how that would work on a drop box located indoors. Ms. Bailey from Richmond County was the one concerned about that, and her and I talked about it, and I think she's now okay. Obviously, the security of the boxes is paramount, that no one can walk off with them

or otherwise tamper with the ballots in them. So I think we're okay with that requirement.

We also added -- Mr. Mashburn brought up that we should make sure that the people who are handling the ballots, as they return them from the drop boxes, are sworn, just like poll officers. So we've added that in paragraph 10. And then, we added -- in number 9, we added a requirement that a drop box shall be clearly labeled official absentee ballot drop box and that each drop box location shall have signage clearly displayed -- or clearly displayed signage developed by the Secretary of State regarding Georgia law with the absentee ballot harvesting and destroying, defacing, or delaying deliberately ballots. And that's also consistent with what they do in Colorado, where they have kind of like a warning on charity drop boxes that says here is the law basically regarding soliciting charitable donations from drop boxes.

That's the rule. This would be an emergency rule so this would -- this would not be for posting. This would be for -- it would take effect immediately as we get it to Delores in administrative procedures. It is -- and this rule, as it's written, applies only to June 9th, 2020. So, and then, it's repealed as -- by operation of law because it's an emergency rule and states must, but even

with that, this rule is only applicable to June 9th, 2020. This has been something that the Rules Working Group has discussed. Something that we want to consider, I think, going forward anyway, so it basically would allow counties to utilize secure drop boxes for the primary election, and then the Board would have to come back and do a permanent rule after that. And I'm happy to take any questions.

MR. RAFFENSPERGER: Any Members? Do you have questions for Mr. Germany?

MR WORLEY: This is David Worley. I have a question.
MR. RAFFENSPERGER: Okay.

MR. WORLEY: Is -- by limiting it to the June 9th election -- historically, the run-off is considered part of the primary election. Would this rule apply to the run-off?

MR. GERMANY: I think the way it's written it would only apply to the general primary and not the run-off. If the Board wanted it to apply to the run-off as well, I think we could -- we could say that for, you know, the general primary and the run-off. But as it's written, it only applies to the June 9th election.

MR. RAFFENSPERGER: Any further comments?

MR. GERMANY: I would make one other comment. It's that we are looking at, you know, per the Secretary's direction, our office is looking at whether and how we can

use grant money to, you know, from the federal government for COVID-19 to help counties establish these locations.

Not really relevant to the rule, but just so the Board is aware.

MR. RAFFENSPERGER: I believe that we had some public comment to that effect.

MR. MASHBURN: This is Matt Mashburn. I would like to commend Ryan and his team, Kevin and his team, for a well-thought out proposal. As I read it, I had questions in my mind that was well, what about this or what about that? And as I kept reading, there was the answer. So I think this rule reflects a lot of thought that went into it and a lot of well, what about this and what about that? And just playing things out in their minds about how things were going to happen, and so, just -- they did a great job with this, in my opinion. And as a result, I move that the Board adopt this rule as published.

MR. RAFFENSPERGER: Do we have a second?

MR. WORLEY: This is David Worley. I'll second it.

MR. RAFFENSPERGER: Okay. Do we have any further comment?

MR. WORLEY: This is David Worley again. I have some comments. I think this is a very good idea. I am anxious to see how it plays out in the primary and how -- what we may need to do to use it later in the year. I -- this is

the first Board meeting that we've had since the Secretary decided to mail almost 7 million absentee ballot applications to voters, and I want to compliment the Secretary on that decision. I think that was the right decision. I think this rule will help carry out that decision. And I just think it's the right thing to do.

MR. RAFFENSPERGER: Thank you, Mr. Worley. Any further comments? Hearing none, all those in favor of adopting the emergency rule, absentee ballot drop boxes, as presented today, please do so by signifying aye.

THE BOARD MEMBERS: Aye.

MR. RAFFENSPERGER: Any opposed? Hearing none, the motion passes unanimously. I don't see anything else to be brought before the Board today. Do any Board members have any business they'd like to bring for our consideration this morning? Hearing none, I'll ask for a motion for adjournment.

MR. WORLEY: This is David Worley. I move that we adjourn this meeting of the State Election Board.

MR. RAFFENSPERGER: Second, anyone? Anybody want to second this?

MR. MASHBURN: Second.

MR. RAFFENSPERGER: Any opposed? Motion carries.

Thank you very much for your time and being here on such short notice. If any of our Board members or any of our

staff need them for any other emergency procedures as regards to COVID-19, we will reconvene, but thank you very much for your input with our Counsellor, also, the Rules Working Group for their efforts, and also, with all the decisions we've made so far, they're really trying to put voters first and our election workers. So we are working together and being very mindful of the situation we have on the ground, so with that, I wish you all the very best. God bless and good day. Thank you.

(Meeting adjourned)

CERTIFICATE

STATE OF GEORGIA COUNTY OF DEKALB

I, Kaitlin Walsh, Certified Court Reporter, hereby certify that the foregoing pages numbered 4 through 34 constitute a true, correct and accurate transcript of the testimony heard before me, an officer duly authorized to administer oaths, and was transcribed under my supervision.

I further certify that I am a disinterested party to this action and that I am neither of kin nor counsel to any of the parties hereto.

In witness whereof, I hereby affix my hand on this, the 12th day of May, 2020.

Kaitlin Walsh, CCR, CVR CCR #: 5910-3132-3171-2256
